

Fence on Top of Wall

Legend®

Completely grout post into blocks
 * Min. depth is 18" or 1/2
 height of fence, which
 ever is greater

Provide for drainage away from wall.
 (I.E. Drainage swale or impermeable
 soils.)

*Non wind bearing fence. If lateral loads
 will be applied, fence should be
 designed by structural engineer.

Scale: None

This drawing is furnished for preliminary design purposes only, and should not be used for final design drawings or construction drawings without the certification of a professional engineer registered in the state in which the wall will be constructed
