

Vintage 27" Column

Notes:

1. Follow the steps for a leveling pad installation, as described in basic wall installation.
2. Using 8" corner block, bury the first course to establish the foundation for the 27" square Vintage pillar.
3. To add additional reinforcement to pillar construction, use Super-Stik adhesive on each block.
4. Each Pillar course is built in 12" increments, consisting of 4" and 8" stacked Vintage Corner Blocks.

1st course - Base

3rd course

2nd course

4th course

This drawing is furnished for preliminary design purposes only, and should not be used for final design drawings or construction drawings without the certification of a professional engineer registered in the state in which the wall will be constructed.
