

Classic Colonial[®] 8 Straight Split

Classic Colonial's unique multi-unit system, creates the randomly patterned and crafted appearance that is so valued today. Featuring the same design integrity that has made the Classic family a landscaping standard, Classic Colonial builds as one unit, yet looks like a more expensive multi-piece competitor. A Classic Colonial wall can add desired curb appeal to any property with its timeless beauty and simplicity.

Classic Colonial® 8 Straight Split

The Advantages of the Classic® System...

It's Fast...

Located on the underside of each Classic® block, the 4" x 2" Anchor Bar creates an automatic setback with the highest shear resistance in the industry. Plus, Classic's fewer pieces, pinless design, and lower weight per square foot reduces construction time, labor costs, and freight charges.

It's Simple...

"One Unit" construction is a vital element of Classic's superior design. 90° corners and half blocks are made simply by removing a portion of the block. No special blocks are required; no special inventories are needed; no shortages occur on the jobsite!

It's Strong...

Upon assembly, Classic blocks automatically create 4" x 5" vertical "stone columns". When layered with grid, the gravel filled "stone columns" provide a multi-point interlock, for a more uniform block-to-grid connection.

It's Versatile...

Variable setbacks, sharp radius turns, "One Unit" construction, and complete interchangeability are all features of Rockwood's Classic System. The ability to mix various sizes and colors within a wall enhances your imagination without sacrificing structural integrity. Plus, the Anchor Bar allows you to build at any setback you desire – from 0° to 14°, providing the only "true" vertical setback in the industry.

Classic Colonial® 8 Blocks

Unit specifications, availability, color, and fascia options vary by manufacturer. Please contact your nearest Rockwood manufacturer or dealer for more information.

Straight Split 18

Size: 8" H x 18" W x 12" D
Weight: 80 lbs., 36 kg

Straight Split 6/12

Size: 8" H x 18" W x 12" D
Weight: 80 lbs.
